Presented by NATA Professional Development Committee

Evidence-Based Practice in the Management of Sport-Related Concussion

Embassy Suites Hotel – San Marcos, TX

Registration and Fees Required

\$80 – Member

\$140 – Non-Member

4 EBPs

Register: <http://forms.nata.org/evidence-based-practice-management-sport-related-concussion-2017-7-19-san-marcos-tx>

Featured Speakers: Jamie Pardini, PhD, and James Sterling, MD

Managing the care of an athlete who has a protracted recovery from concussion can be a very frustrating endeavor-for the provider, the athlete, the school, the family, etc. The purpose of this session is to provide athletic trainers with the most recent empirical evidence surrounding protracted recovery from concussion. This will include: (1) reviewing how new research informs the return-to-play and return-to-learn management strategy, (2) outlining findings from neurophysiological/neuroimaging research and applying these findings to our understanding of concussion recovery and treatment, (3) discussing risk factors for protracted recovery that have been identified in the literature, and how these factors affect management, (4) describing available treatments for protracted concussion symptoms and supporting evidence, and (5) presenting an outline for the evaluation and management of protracted

Learning Objectives

The specific objectives for this course include the development of the audience members' ability to:

- Describe elements of past medical history, initial presentation and measurable deficits that are risk factors for protracted recovery from concussion.
- Discuss available empirically supported treatments for protracted symptoms of concussion.
- Develop an empirically-informed management strategy for athletes who have protracted recoveries from concussion as it may apply to your individual setting.
- Describe basic findings of recent neurophysiologic and neuroimaging research about concussion injury and recovery.
- Discuss the principles of evidence-based practice as they apply to your interpretation of published concussion studies, and ways to apply your knowledge to practice.

.....

Dear SWATA Attendees,

In February of 2014, then Vice President of SWATA David Gish saw his goal and dream of bringing the SWATA Annual Symposium to San Marcos becoming a reality as the Executive Board voted on San Marcos as the site for 2017. Unfortunately, in September of that same year, President Gish passed away. While President Gish will not be here with us this week physically, I know that he will be with us in spirit. On behalf of the Executive Board, it is my great honor and privilege to welcome you to San Marcos for the 63rd Annual SWATA Symposium and Billy Pickard Expo!

The Convention Committee, under the leadership of David Traylor and Nikki Vincent, have worked tirelessly to put together what we believe will be a great and memorable time! Dr. Cindy Trowbridge and the Program Committee have put together an excellent educational program for you with up to 7 EBP category CEs available. On Friday we will recognize many of our colleagues at the annual Honors and Awards Ceremony. The Honors and Awards committee under the leadership of Cody Jenschke and Julie Parker have put together a program you will not want to miss, I hope you will make plans to join us for this time to recognize and celebrate the accomplishments of our friends and colleagues. And to add to the excitement within the conference center, Karl Kapchinski and Trent Cox have put together a great line up of exhibitors in the Billy Pickard Expo hall. Please make sure you visit the expo and thank those who support you and your association.

I am very excited about being in San Marcos and all of the opportunities this presents. The festivities will kick off on Wednesday July 19th with the annual SWATA Golf Tournament at the Bandit Golf Club. Thank you to Al Wilson and Andy Wilson for organizing this great event and for finding this excellent course! You will not want to miss this opportunity. On Thursday there are a couple of special opportunities for attendees. From 4:30 - 7:00 pm Alert Services would like to open their doors and welcome everyone for a casual reception. In addition, the NATA Foundation is hosting a Family Fun Night fundraiser. This event will take place from 6:00 - 10:00 pm at the San Marcos Activity Center. There will be plenty of fun for all ages as well as food and beverage; I hope you will consider coming out and supporting the NATA Foundation at this great event. The NATAPAC will also have an opportunity for you to "Raise A Glass to the PAC" during the Family Fun Night. For more information about all of these events please look at your ER Mobile App. On Friday, in lieu of a standard welcome reception, the SWATA Executive Board and Program Committee would like to extend an opportunity for everyone to enjoy some downtime with family, friends and colleagues while experiencing the great things San Marcos has to offer. Programming for the day will conclude following the Awards Ceremony, around 2:30 pm. Make sure you visit the San Marcos Convention and Visitors Bureau booth in the Billy Pickard Expo hall for information and available discounts.

The next few days are going to be very exciting. I hope that you will take every opportunity to grow as a professional, reconnect with old friends, network with colleagues and enjoy some time with family. Welcome to San Marcos!

Josh Woodall
SWATA President

Dear SWATA Attendees,

Welcome to the 63rd edition of our annual educational symposium. The planning by our Convention Committee and our Educational Program Committee is all set and we hope that you will find that this year's edition proves to be an exciting educational experience for you and your colleagues.

This year's edition has a special meaning to the SWATA Executive Board, as this meeting location was proposed and spearheaded by our late SWATA President, David Gish. For those of you who knew David and ever had the chance to work with him or to speak to him understand his commitment to the profession and to our educational development to be the very best. For David, coming to San Marcos was a way to show off his town and all that it has to offer.

Since his untimely passing, the entire SWATA Executive Board has continued his work to bring our annual meeting to San Marcos and to fulfill his dream of bringing this event to San Marcos. I can say that without any hesitation David will still be controlling all our events while looking down from heaven and smiling all the way.

We have so much to be thankful for here in D6. The Honors & Awards Committee will be honoring our newest inductees into the SWATA Hall of Fame as well as our other award winners and Honorary Inductee. The Billy Pickard Expo will provide Athletic Training professionals with lots of options to educate you on new technologies, make your day-to-day operations at your work site more efficient and give you a chance to talk in smaller groups about your specific needs to help you be a better Athletic Training professional.

The NATA Foundation and NATA PAC will be here and I hope that you will support their efforts to continue to build strong alliances for all their goals and objectives. We are also going into a NATA Presidential Election year and we will have one of our candidates here in San Marcos. I strongly encourage you to stop Kathy Dieringer when you can to ask her any question about her platform and direction she plans to take the profession after the election process. This is our time within D6 to make our voices heard and I will continue to support your involvement in this election process throughout the fall.

Finally, I want you to have some fun, relax and visit with friends, peers and colleagues. The summer is winding down and the city of San Marcos and the surrounding area has lots to offer you to be able to accomplish just that. Please let me know if I can assist you in any way while you are here.

Thank you for your support as your National Director and for your professionalism as you represent yourself and others as Athletic Trainers.

Be safe,

Chris Hall, MA, ATC, LAT
Athletic Trainer/Manager of Business Services for
Ben Hogan Sports Medicine
NATA National Director- District 6
