The Growth Hormone (GH)/ Prolactin (PRL) Family in Biology & Disease Conference

Organizer Bio: Darlene Berryman, PhD

Associate Dean of Research and Innovation, Professor, Department of Nutrition, Department of Biomedical Sciences, Heritage College of Osteopathic Medicine, Ohio University, USA.

Dr. Berryman's research utilizes growth hormone modified mouse lines and focuses on nutrient metabolism, adipose tissue biology, and the gut microbiome. At Ohio University, she also serves as the Associate Dean for Research and Innovation in the Heritage College and formerly served as the founding Executive Director of the Diabetes Institute. She is a scientist at the university's Edison Biotechnology Institute and is a registered and licensed dietitian.

Dr. Berryman completed her undergraduate degree from University of Virginia and her doctorate/postdoctoral fellowship from Cornell University in the field of nutritional sciences.
