The NAD⁺ Metabolism and Signaling Conference

Organizer Bio: Raul Mostoslavsky, MD, PhD

Laurel Schwartz Professor of Oncology, Harvard Medical School and the Massachusetts General Hospital Cancer Center, Boston, MA, USA

Dr. Mostoslavsky is a pioneer in the study of mammalian sirtuins, particularly in the context of cancer biology. For the past 10 years, he has been at the frontline of understanding the crosstalk between metabolism and epigenetics.

Dr. Mostoslavsky was the organizer of the Keystone Symposia on the Biology of Sirtuins (2015), the Cell Symposia on Metabolism and Epigenetics (2018), and the Forbeck Foundation Cellular Reprogramming and Metastatic Disease Forum (2021).
