The Lysophospholipid and Related Mediators Conference: From Bench to Clinic

Organizer Bio: Susan Schwab, PhD

Associate Professor, Skirball Institute for Biomolecular Medicine, New York University School of Medicine, New York City, USA

Susan Schwab's lab studies immune cell migration. The long-standing focus of her work has been how S1P gradients regulate immune cell exit from tissues into circulation.

Schwab completed her PhD in molecular and cell biology at the University of California, Berkeley, and her postdoctoral studies at the University of California, San Francisco.
