Introduction to the BRFSS Small Area Estimation

Instructor: Robyn Wallace
Date and Time: Tuesday, June 23, 2015, 1:00 pm to 3:00 pm

Course Description: In effort to clarify the process to generate the 2013 Small Area Estimates within BRFSS, and provide transparency of the intricate programming system, this training will provide an overview of BRFSS’s methodology used to produce 2013 Small Area Estimates (SAE). This training will also detail the various data sources used and describe, sequentially, each program used to generate SAE estimates.
