Special Session

***Everything You Wanted to Know
but Didn't Have Time to Ask***

This session is a follow-up to the
Military & Government Affairs
Panel and will provide attendees
with an opportunity to ask
follow up questions to all of the
panelists. Historically the Q & A
during the Government Affairs
sessions has been cut short due
to time constraints. This session
opens the door to ask all of the
questions you didn't have time to
address during the panel.

***The Nightly Show with Chuck
"Conan" White***

The business portion of the
conference finishes with what
has become one of the highlights
of the government-focused
program. IAM takes a light-hearted
but educational look at the U.S.
government moving programs,
this time through the lens of the
pending U.S. Presidential elections.
Hold on to your seats, because a
number of "special" guests may be
on the program.
